

QBurst Growth Referral Program

FAQs

Q1: Who can join the QBurst Growth Referral program?

A: Social media marketers, webmasters, directory owners, bloggers, product/service reviewers, niche service providers, agencies offering services complementary to the QBurst portfolio, and anyone who can refer QBurst to potential clients through digital channels can join our Growth Referral program.

Q2: Who is an affiliate?

A: When you enroll in the QBurst Growth Referral program, you become a QBurst affiliate.

Q3: What is a qualified lead?

A: Qualified leads are legitimate project inquiries from businesses genuinely interested in partnering with us. Spammers will be ignored. Inquiries that do not respond to our business development team will be considered spam.

Q4: How does QBurst identify my referrals?

A: When you sign up to become an affiliate, you will receive a unique code or referral ID. Any referral links you generate to promote QBurst will have this ID. When a visitor lands on the QBurst website through your referral link and submits an inquiry, our affiliate system captures your unique ID and attributes the inquiry to your referral.

Q5: How long is a referral valid?

A: For 90 days. If a website visitor comes through your referral link and submits an inquiry within 90 days, the system will mark it as your referral.

Q6: How long does it take for an inquiry to convert to a client?

A: When a visitor submits a project inquiry, they become a lead. For the lead to become a client, it can take anywhere from one month to one year in the case of enterprise-scale projects.

Q7: How do I get paid?

A: We offer bank transfer and wire transfer options. The payment mode available to you depends on where you are located. When you sign up and create a profile, you can select the payment mode from the available options.

Q8: Why is the data not updated on my dashboard?

A: The affiliate dashboard gets updated daily at midnight, so you will not see changes in data in real time.

Q9: After clicking the referral link, if the visitor navigates to another webpage and submits an inquiry, my referral ID no longer appears in the URL. Will the inquiry still be tracked as my referral?

A: Though the referral ID disappears from the URL, an inquiry submitted from any page by that visitor within the next 90 days gets credited to the same referral ID.

Q10: Where can I find more information?

A: You can write to us at affiliate@qburst.com if you have a specific question.
